

The background of the page is a large, stylized, and somewhat abstract illustration of a face. The face has large, expressive eyes and a crown or tiara on its head. The style is reminiscent of a woodcut or a high-contrast photograph. At the bottom of the page, there are silhouettes of two people: on the left, a person with long hair, possibly a woman, and on the right, a person wearing a pointed hat, possibly a man. The overall tone is artistic and evocative.

## Superintendent's Message

A graduation, far from being an end, is the beginning of all your tomorrows. Over the past several years, you have worked and studied, and now you are here ready to begin your lives as members of the adult community.

For some of you this will mean a job and the responsibilities of family living. For others, this will mean college and further years of study and further preparation. Whatever course your future takes, it is my sincere hope that you will look back at your years here as having prepared you to meet and deal with the challenge that life will present.

On behalf of myself, the faculty and staff of Greater Lowell Regional Vocational Technical School, I wish to each and everyone of you the happiness of a productive life, the respect of your fellow human beings and the love of your family. May the future be yours.
